

ENERGY PERFORMANCE RATING

Gallatin (Plan 3220)

HOW THIS SCORE IS DETERMINED.

Home Energy Rating System, or simply HERS, is a scoring system set by the Residential Energy Services Network (RESNET) to measure a home's energy efficiency and determine if it meets ENERGY STAR guidelines. The lower the HERS Index, the more energy efficient the home.*

This home exceeds ENERGY STAR® Guidelines.

57*

Plan	Gallatin (Plan 3220)
Living Area	3,222 sq. ft.
HERS Score (Home Energy Rating)	57*
Estimated Reduction in Energy Use Compared to the Average U.S. Home	56%*
Estimated Monthly Savings	\$196/mo.*
Estimated Annual Savings	\$2,356 /yr.*

ENERGY-SAVING FEATURES

More Value: Each of our energy-efficient homes contains more than \$15,000 of included features that work together to provide improvements in the way the home functions. These features work together to provide an even larger combined value with bigger energy savings. Our approach to the way our homes are built allow you to enjoy the benefits of superior construction techniques and affordability at no added cost to you.

More Health: We include EPA Indoor Air Plus® features such as low VOC paints and finishes, better home air filtration and circulation, a fresh-air management system, and advanced thermostats. The result is reduced pollution, allergens, and dirt that makes your home more comfortable, cleaner, and better for the whole family.

More Comfort: We use industry-leading spray-foam insulation that seals the building twenty-five times better than standard insulation, reducing leaks, drafts, and wasted energy. It also makes your home quieter, more comfortable, and cleaner.

More Sustainability: We include EPA WaterSense® faucets, showers, toilets, irrigation controllers, and ENERGY STAR appliances, helping to reduce your water consumption by 50%* with no sacrifice in lifestyle or performance.

More Savings: With an unprecedented level of energy efficiency throughout our homes, our total HERS score in this home is **57***, which reduces its energy consumption by up to **56%***

Energy performance for Gallatin (Plan 3220).

This Meritage home has a HERS score of **57***. This equates to a **56%*** energy use reduction compared to a typical existing home.
